

MUHAMMAD FAKHRI RIZIQ K

SOFTWARE ENGINEER

+62 821-1665-3328 | dhehanprawira@gmail.com | Cirebon, West Java, Indonesia | [linkedin.com/in/mfakhrirk](https://www.linkedin.com/in/mfakhrirk) | github.com/fakhrirk | s.id/fakhrisportfolio

Software Engineer proficient in **React, Tailwind CSS, and Flutter**, with demonstrated experience in building scalable web and mobile applications using **Laravel**. Committed to delivering high-quality, end-to-end software solutions through clean code and optimized system architecture in fast-paced environments.

SKILLS

TECH STACKS: HTML, CSS, Tailwind CSS, JavaScript, React JS, Laravel, Node.js, Flutter, Dart, PostgreSQL, Wordpress, RESTful APIs, Cloud Firestore, Firebase Auth, Responsive Design

SOFT SKILLS: Public Speaking, Task & Project Management, Problem Solving, Communication, Leadership, Team Collaboration

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER | Percetakan Firdaus | Cirebon, Indonesia

January 2024 – October 2025

- Optimized scalable web applications using React, resulting in a 35% performance boost through refined front-end architecture and streamlined back-end logic.
- Spearheaded technical collaboration with product managers to transform complex requirements into scalable specifications, achieving 100% on-time project delivery.

PROJECTS

PESANANKU.WEB (F&B MANAGEMENT SYSTEM) | Website Project

Developed a full-service F&B management system, implementing contactless ordering and real-time sales analytics to enhance operational transparency and customer experience.

TECH STACK: React, Tailwind CSS, Express JS, TypeScript

EVENT TICKETING | Mobile App Project

Engineered a scalable Event Ticketing Ecosystem using Flutter and Firebase, featuring automated QR code generation and real-time synchronization. Architected a dual-interface system for attendees and staff, optimizing attendance tracking efficiency with a production-ready, zero-latency cloud infrastructure.

TECH STACK: Flutter, Firebase (Authentication / Firestore), QR Code Scanner, Cloud Database

KELOLA.WEB (PAYROLL APPLICATION) | Website Project

Developed 'Kelola.web', a comprehensive workforce management platform that automated payroll expenses tracking, providing real-time financial insights. The system improved financial planning efficiency by 40% through automated reporting features, allowing businesses to monitor labor costs with precision and scalability.

TECH STACK: HTML, CSS, Laravel, MySQL, JavaScript

SKL SUBMITTER | Website Project

Engineered a centralized Academic Submission System using Laravel 11, automating the grading and reporting workflow for institutional projects. Architected a multi-role platform with automated grade aggregation and seamless report integration, significantly improving data management efficiency.

TECH STACK: Laravel 11, Tailwind CSS, Laravel Breeze, MySQL.

EDUCATION

SMK IDN BOARDING SCHOOL | *Software Engineer* | Bogor, Indonesia

July 2024 - June 2027

OTHER EXPERIENCES

WEB DEVELOPMENT INSTRUCTOR (SMAI AL AZHAR 8, SMA NEGRI 81, SMA DARUUT TAUHID BS) | 2025

Taught students the basics of web development using HTML, CSS, and JavaScript. Provided hands-on guidance to help them build simple and responsive web pages.

- Delivered structured web development lessons covering HTML, CSS, and JavaScript.
- Guided students through building their first responsive website pages.
- Improved students' understanding of modern front-end fundamentals.
- Created simple learning modules to support practical coding sessions.

VOLUNTEER WMSJ GONTOR (World Muslim Scout Jamboree) | 2025

A major international gathering at Gontor involving thousands of scouts globally. Focused on fostering leadership and cultural exchange through large-scale coordinated activities.

- Managed and coordinated food distribution logistics for over 15,000 participants, ensuring timely and hygienic meal delivery.
- Ensured efficient meal distribution flow to maintain event schedule and participant satisfaction.
- Optimized meal distribution workflows to prevent bottlenecks and ensure 100% distribution accuracy during peak event hours.

ORGANISATIONAL EXPERIENCES

NAFASBUMI | Co-Founder | Bekasi, Indonesia July 2025 - Present

Spearheaded a grassroots movement dedicated to ecological restoration and environmental advocacy. Focused on revitalizing local ecosystems and empowering the public through structured educational programs on sustainable environmental stewardship.

ACHIEVEMENTS

TOP 10 & Finalist Web Development by INFRA (Jagoan Hosting)	November 2025
Finalist Web Design by INVENTION (Universitas Udayana)	August 2024
Finalist Web Development by EEA 2024 (Universitas Lampung)	August 2024

CERTIFICATIONS

TOP 30 NATIONAL by INFRA Competition (Jagoan Hosting)	November 2025
Finalist Web Development by INFRA Competition (Jagoan Hosting)	November 2025
Peraih Golden Tiket by INFRA Competition (Jagoan Hosting)	November 2025
Finalist Web Development by INVENTION Competition (Universitas Udayana)	August 2024
Finalist Web Development by EEA Competition (Universitas Lampung)	August 2024
